- **Font size:** The size of the characters for the title should be at least 0.8" (2 cm) high. To ensure readability of the rest of the text, please use at least 0.4" (1 cm) font size. See below graphic as reference.
- **Poster Content:** Each poster must have a top label indicating the title of the poster, the names of the authors and their affiliations. Simple "Introduction" and "Conclusion" are recommended. When feasible, use graphs for demonstrating qualitative relationships, use tables for precise numerical values.
- **Bringing posters to IMRP20:** Do not mail posters in advance, they may not arrive in time or may get lost. Bring them with you to the Conference.
